FIELD and GARDEN SEEDS

Twenty-Sixth Annual **PRICE LIST**

—OF THE—

G. B. CUTLER SEED CO.

Marshall, Minn.

March 1st, 1944

In presenting you this 1944 Price List, we wish to thank all our friends and customers for their past patronage.

Our old customers are well acquainted with our ways of doing business, and you should ask the old, if in doubt, as to our square dealings.

No Warranty.—We exercise extreme care in the filling of all orders, but we give no warranty, expressed or implied, as to the quality, description or productiveness, or any other matter of any seeds we send out, and will in no way be responsible for the crop.

Prices Subject to Change.—The prices quoted herein are based on market conditions at the time this list is issued and are subject to change without notice. We do not alter prices except in extreme cases, but if your list is an old one and you have occasions to presume that prices are either higher or lower, just write us for current list before ordering and we will supply one at once.

Orders Promptly Filled.—In case of delay you will be notified by letter explaining the cause of such delay and advised when shipment will be made. If you do not hear from an order sent us within a reasonable length of time, send us a duplicate, stating amount of remittance, and be sure to give your name and full address.

Terms of Sale.—Cash must accompany orders and should be in the form of Money Order or Bank Draft, Currency or Registered Mail, or Bank Check.

G. B. CUTLER SEED CO.

GEORGE AND JULIUS

Hello Everybody

A little late but never-the-less we are wishing you all a prosperous 1944, with planting time just-around the corner we will be in our usual place to greet you all.

In years past we have always told you something about our doings after close of the busy season the previous year, haven't much to tell this time. With gas rationed and no chances to buy more tires couldn't go any place unless we walked—same thing again, shoes being rationed, didn't want to wear out what we had, therefore we stayed at home, did what we could to help win the war. Bought more war bonds, paid taxes and tried to raise a crop on our Big 40 acre farm, a failure tho, as was hailed out, will try again this year hoping to do better.

As to the Seed Business, don't be too surprised when you look over our prices as some of them would almost surprise anyone, even us. Guess it

can't be helped during the duration.

If you will only stop to think what you can save by raising that Victory Garden the cost of the seeds won't look so big. There may be a few kinds of seeds that we have carried in stock other years we are unable to get this season, altho a very few.

Perhaps it wouldn't be a bad plan to get your seeds early while our stock is complete. We may not be able to get more when our first supply is gone.

We will try to have enough for all at a fair price. There is a ceiling price on some of the field seeds which we are below on all. You will find a complete list of such ceiling prices elsewhere in the catalog.

This is a copy of a letter we received recently from an old customer showing you we are not forgotten after people leave Marshall and have used our dependable seeds:

“Mpls., Minn., Jan. 6, 1944

“Dear Mr. Cutler:

Kindly send me one of your

new catalogs, I will be making a garden this spring in Minneapolis and not in Marshall, like the days of the past, hoping the price of the seeds is given in the catalog.

Very truly yours,
H. J. J."

Some years ago a Marshall business man, a good Irish customer of ours came in and bought his supply of radish seed, to have when needed for an early planting. He took the seed home, placed on a cupboard shelf to have handy. A few days later he went to get the package of seed, went out to his garden where he worked the lovely black soil up fine as his friend wife's face powder. He took great pains to plant the little seeds so evenly not to be too thick to yield a lot of luscious French Breakfast radish. In due time a beautiful green row of something came up, but alas, instead of radish it proved to be mustard. He had made a mistake, gotten his wife's pickling mustard seed. Therefore take advice be very care-

ful to plant the right kind of seed such as you can get from Cutler's.

A wife once said:

"You men don't appreciate us women as you should. I'd like to know what you'd do if there were no women to sew buttons on your pants."

"Well, if there were no women, we wouldn't have to wear pants."

All for this time, hoping to see you all soon.

GEORGE.

ALFALFA

Our seed all comes to us in sealed and branded bags, and is of the 1st grade. You have likely been hearing over the radio about the cheap seed you can buy. If you have, send for sample and see then if you want the grade of seed advertised.

Northern Grown Alfalfa

This does not need any explanation as everybody knows how good it is and every farm should have a few acres.

Do not buy Alfalfa seed that is offered cheap as it may be southern grown seed which is always cheaper than northern grown seed. The southern grown alfalfa, grown from this seed will not stand our cold winters.

This year we are not able to get the genuine State Sealed Grimm Alfalfa, so are doing the best we can so can furnish a substitute of Northern grown Varigated Alfalfa which we think will fill the bill as well as Grimm's. Price per lb. -----50c

Our Cossack Alfalfa, as perhaps you all know, is a hardy plant, as much so as Grimm's but makes a finer grade of hay.

Our price is per lb. -----50c

The Dakota 12 is nothing new, we all know about that.

Our price is per lb. -----50c

There is a ceiling price put on the following seeds and the ceilings are:

Alfalfa, per cwt. -----\$49.90

Medium, Red Clover, per cwt.--- 43.50

Alsike Clover, per cwt. ----- 40.50

Sweet Clover, per cwt. ----- 19.00

Timothy, per cwt. ----- 13.05

Freight can be added.

Nitragin

Inoculate your alfalfa and clover with Nitragin for best results.

1 bushel size can -----50c

For Soy Beans, for 5 bu. -----55c

Permanent Pasture Mixture

We can furnish you a mixture to suit all purposes at a very reasonable price. We cannot quote prices as we do not know just what mixture you need. Call and we will figure with you.

Lawn Grass

A mixture of grass seeds for any kind of lawns. Consists of: White Clover, Blue Grass, Red Top, Rye Grass.

Price, per lb. -----50c

Alsike

This is by all means the best clover for a low-land pasture.

Price, per lb. -----41c

Millets

Hungarian, per cwt. -----	
Siberian, per cwt. -----	\$6.00
German, per cwt. -----	
Japanese, per cwt. -----	\$6.00
Proso or Hog, per cwt. -----	\$5.00

SWEET CLOVER SCARIFIER

Having installed a modern Scarifier we are able to do you a better job and in less time than before. Bring in your Sweet Clover—have it scarified and cleaned. Our price is \$1.00 per cwt.

Medium Red Clover

This seed is grown in Minnesota, cleaned in fine shape and is the best grade to be had.

First Grade, per lb. ----38c

Sweet Clover

All of this seed is scarified.

1st Grade, per lb. -----16c

White Dutch Clover

This is the kind to sow on your lawn. Also good in a pasture mixture.

Price, per lb. -----90c

**GET THE
HYBRID THAT
STANDS
UP!**

Famous for High Yields per Acre of Sound, Dry Corn; Uniformity of Good Ears of High Shelling Percentage; Well-Dented Kernels of Excellent Feeding Value; Strong, Deep-Rooted Stalks that Hold the Ears through Harvest.
